

# My weeks at Camp Elite!

By Celine Albaloua  
G5, Elite College

Hello, my name is Celine Albaloua and I will be explaining my wonderful weeks at Camp Elite! I hope you will enjoy reading it and also I hope you will like it!

The teachers:

Like it was my first time at this camp I thought the teachers were going to be mean because my mom put me in the "admission exam for high school" section. Like it was important and I have to do more work than usual. I thought the teachers were going to be mean but they were actually kind and nice! They could be strict sometimes but it's for our good notes in the admission!

The classes:

The classes are really fun! We have more studying courses than other classes like the kindergarteners by example. I really love math classes, art classes, and dance classes! I really enjoy the classes because we learn so much old and new stuff.

The food:

I have never tried the hot lunch food of the college but personally it looks delicious! I love this camp because at lunch time we have a chance to heat our food, not like other camps where it's not allowed! I am really excited because Friday July 27<sup>th</sup> everyone at the camp will get a free hot lunch from Elite College! I'm pretty sure it will taste delicious. And what is also fun is they let us buy from the food store in the cafeteria unlike Camp for example.

The "surprises":

What I mean by "surprises" is that once a week we get a Mr. Freeze! How cool is this? I found myself lucky because not all camps do that. Another surprise (from what I think) is that we get pauses and we get to play outside with our friends (if you have some that are not in your class) we could also play with a ball (if you are lucky enough to one of them get it first). The last surprise is that we could bring electronic device on Fridays! Even if I don't have an electronic device yet, it's cool that we are allowed to bring it.

My friends:

I got few friends. When I first saw my friend that I haven't seen since around five (5) years! After we started talking to other people and became friends with them! I'm new here and until now I have around ten (10) friends!

A special word to an inspiring teacher:

I would like to leave a little note to my inspiring math teacher Maude Martin.

Dear Maude, I would like to say thank you for this wonderful teaching of yours. Your art is incredible and you teach us stuff that we were supposed to learn in high school and even college! I just would like to say thank you for all of this effort. It's incredible!

A special word for Elite College/Camp:

I would like to say thank you for this wonderful stay I know it's still a little bit early for this note but I am leaving after the 6<sup>th</sup> week of camp! You made a very good job this summer with your hard working team and I would like to thank all of you! I won't be able to come next year because my parents want me to try another camp. I've been in several camps like YMCA, Sportmax, Vanier College and finally Elite College I wish I could stay next year but my parents want to go to Centre-Des-Loisirs but I do not want to. Your camp was my favourite one and I will never forget it never in my life!
