Adjustments of the Elite College under the epidemic situation

- **Exams**

- exam@elitecollege.ca

- Teacher corrects reading comprehension and grammar together in class with students

- the students told their own compositions to the whole class, the teacher and classmates commented together, and the teacher graded it.

- ++ On the one hand, students exercise their speech skills

- ++ Accumulate and broaden one's writing skills and abilities by listening to the writing of peers

Adjustments of the Elite College under the epidemic situation

- **EXAMS in summer camp – another styles**
- Similar to the exams on spot
- Students are ordered to open their videos, to do the exams, under the supervision of the supervisors. Then make the correction and have the score
- Exam review arranged every week, the teacher review the exams and answer the questions of the students.
- **Correction of the writings in the summer**
- In the physical site, we correct all the student's writings, although it is huge work. **BUT**, very few students make a review of the corrections !!!
 - Exam review teacher choose some typical writings to correct in the class with all the students, including the organization, structure, ideas, common faults of grammars

Adjustments of the Elite College

under the epidemic situation

- **RESUME** Guide_resume-C-prof&parents_enligne
Mon cahier de Résumé 2021-enligne.docx
- Students are requested to submit to the school
- Brain- Fridge food, grocery
- Teacher- Chef
- Walk on two legs :
 - Self-accumulation
 - Teacher guidance
- The choice of books is important - book list?
- Correct the resume??? - Named writings
(Summer activity – read-write-story telling)

Adjustments of the Elite College under the epidemic situation

- **Story-telling**-Cultivation of speaking ability

How to make up for the lack of socialization at home?

In addition to providing some courses for the children, the summer camp also arranged a variety of social activities.

The children formed a small community with classmates to do activities together, read the same book, write summaries, and then organized by the teacher to present the stories in class. Not only does this practice writing, but also cultivates French speaking ability, and can allow more social life with classmates. The design of these social activities will involve less screen time. The students are actively involved and very happy.

Adjustments of the Elite College under the epidemic situation

- **DISPLINE of the class**
- In online classes, some students will have an energy that is not concentrated in the classroom, listening to the teacher's explanation, being distracted, and playing games secretly.
 - ₁ Choose excellent and vivid teachers to give lectures
Choose more rigorous and controllable teachers to teach
 - ₂ – Madam Ma – director deputy
 - ₃ – Teacher
 - ₄ – Record, follow and communication
- Call for forgotten students to attend class by School
